DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Chyrrea Sebree on July 25, 2008.

The application has been amended as follows:

Claims 1-3 and 5-18 are cancelled.

Allowable Subject Matter

Claims 19 and 20 are allowed.

The following is an examiner's statement of reasons for allowance:

The closest prior art of record Fischer et al. (US 4,759,964) teaches a structure that meets the limitations of parts a) through c) of independent claim 19. While the carbon-fiber reinforced material of part a) can be considered an electroconductive polymer part connected to the exposed carbon fibers, there is no teaching or suggestion of this internal layer being in contact with an external device. The layer represented by

part a) is intended to remain sealed by the layers b) (Fischer, Column 3, lines 45-55) and thus, is not in contact with an external device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
